We started in the ranch horse
industry. Since 1988 in Norco,
we've raised, bred, trained,
shown and sold our precious
miniature horses. These little
guys are not only highly
intelligent but very affectionate
and easy to work with. We'll
have lots of babies in the spring!

**Happy Dance Ranch
2340 Reservoir Dr.
Established 2001**

Over the years, the add-on
"Crippled Critters" to the name
was due to a myriad of their
pets (and the owners) becom-
ing physically challenged in
various common old-aged ways.
According to Indian
folklore, Kokopelli was a source
of music making, dancing and
the spreading of joy to those
around him. During your visit,
the Higgins (with Kokopelli's
help) hope you too can
experience the feelings of
joy and relaxation that their
ranch offers to all.
